## COLUMBIA HI SCHOOL BAND WILL GIVE CONCERT HERE

Friday, Nov. 30, 7:45 P. M.

As a token of appreciation for the fine work that the Saint Stanislaus band students have been doing, Brother Romuald has arranged an exchange of concerts with the Columbia (Miss.) High School Band.

The Columbia High School Band is under the direction of Mr. H. F. Lane, one of the outstanding school band directors in Mississippi. Mr. Lane has enjoyed the reputation of having one of the finest "B" bands in the state. His present band numbers only forty five members but it is said of them that they make up in quality of performance for what they lack in numbers. There is no doubt that the program which the Columbia Band has prepared for this concert will be a real treat to the music lovers of Bay St. Louis.

The visiting band is due to arrive here between four and four-thirty o'clock on the afternoon of November 30. Immediately after their arrival, the Saint Stanislaus Band and the Columbia Band will parade through the main streets of Bay St. Louis as a final reminder of the concert to be given that evening.

After the concert, the Columbia Band will be entertained by the Saint Stanislaus students. There will be a general get-together during which refreshments consisting of sandwiches, cakes, ice cream and cold drinks will be served. The officers of the Saint Stanislaus Band will have charge of entertaining the visitors as long as they are in Bay St. Louis.

Band directors found out long ago that the reason why fine music students choose to major athletics over music is because of the opportunity that the former offers to its followers for public demonstrations and especially for opportunities to travel. Realizing that something had to be done to give band students equal opportunities to athletics, Brother Romuald has arranged a schedule of out-of-town engagements of which this exchange of concerts is one.

We, the members of the Saint Stanislaus Band, appeal to the people of Bay St. Louis, especially the parents of the students at Saint Stanislaus, to give their loyal support to this worthy enterprise. Our band will go to Columbia to return the concert on January 23. We depend on the returns from the sale of tickets of the home band to defray our expenses for the trip to Columbia. Let's show the Columbia Band that the people of Bay St. Louis are behind their local school bands by purchasing tickets for the concert and attending in large numbers. You may purchase tickets from band members or at the Beach Drug Store.

## Worldwide Bible Readings

The American Bible Society and the Laymen's National Sponsoring Committee are sponsoring the worldwide Bible Reading for the week of Thanksgiving to Christmas.

Worldwide Bible reading is a plan to get people all over the world to read Bible selections daily between Thanksgiving and Christmas. Special emphasis will be put on reading by those service men and women still on foreign soil and their people at home.

The reason for such an emphasis is because the messages of the Bible are more important today than ever. Because many in the Armed Forces are reading and want their families to read with them.

The passages to be read are the passages selected by men and women in the Armed Forces, under the general theme "Marching Orders for a New Day."

Bookmarks listing the daily passages will be distributed by the millions in the churches, in camps, in pay envelopes, aboard ships, on store counters, in mailings, by chaplains, by pastors, by house to house visitation, and from neighbor to neighbor. They are available in quantity upon request to every chaplain, every pastor, every interested person throughout the world. V-Mail forms listing the passages for daily reading will be made available to men in the service and to families at home.

Pastors, religious organizations executives, business men, manufacturers, bankers, merchants, members of labor organizations, church members, and as individuals can aid in this daily reading of the Bible. Readings of the week are: Nov. 22, Thanksgiving, Joshua 1 and Psalm 121; Nov. 23, Psalm 23, John 10:1-8; Nov. 24, John 14; Sunday, Nov. 25, John 3; Monday, Nov. 26, Matthew 5; Tuesday, Nov. 27, Romans 12; Wednesday, Nov. 28, John 11:1-14.

It is hoped that the general public will be aware of this appeal for the inter-denominational reading of the Bible and will make themselves acquainted with the fact that this reaches the men and women still away from home at this Thanksgiving and Christmas season.

The Calendar of Bible readings will be continued next week.

## Fathers' Day Program At Bay High

Mrs. George Curet led a most informative and live discussion at the Fathers Day Program of the Central School P-T. A. on Tuesday evening on "When and How to Say No." Mrs. Curet took her discussion through the pre-high school age and then turned it over to six high school boys and girls—Lorraine Lott, of Kiln, Catherine Gariga, Muriel Manieri, John Kitzmiller, John Dupiquier and George Benigno.

The young people opened their discussion by singing the popular song "No Can Do" with John Dupiquier at the piano.

At the close of the discussion the high school group threw it open to the parents and several spontaneous responses.

Some of the strong points made by Mrs. Curet and by the youth group were: the ultimate end of discipline is self discipline; saying No is sometimes a necessary frustration; that self denial is useless unless something is to be gained by it; that discipline is the price paid for adjustment from external discipline to self discipline; that self control cannot be taught unless the child is calm and composed; that the things we say no to grow less as the child grows older; relationship of child and adult; closer acquaintance of parents with the friends of their sons and daughters and of the homes they visit and places they go; children should meet counsel in the home rather than punishment; not being able to discuss your problems with your parents tends to cause juvenile delinquency; home versus outside amusement; discussions rather than criticisms. Due mention must be made here of the poise, self confidence and mastery of the subject and exercised by the youth group.

Mrs. J. Townsend Wolfe presided in the absence of the president Mrs. Albert Biehl. Mrs. Lucile Anderson gave the opening prayer and Mrs. C. C. McDonald read the President's Message. The treasurer reported that \$35 had been given to the War Fund in October. The membership chairman reported 261 members enrolled and said they hoped to reach their 300 members quota. The first grade captured the prize for enrolling the greatest number of mothers in any one room. They also won the mother contest for the month.

Dr. M. J. Wolfe appeared before the association in the interest of the Blood Bank.

At the close of the meeting refreshments were served in the Home Economics Room and a pleasant social intercourse was enjoyed by the teachers and parents.

Due credit must be given Mrs. Wolfe, vice president, Mrs. A. R. Dresher, program chairman and Mrs. Curet, head of the English Department for the splendid program and those who failed to take advantage are indeed the losers. However, there was a very splendid attendance of both mothers and fathers.

## Miss. Has Good Chance To Lead Nation in American Legion Membership

Mississippi has a good chance to lead the Nation in membership in the American Legion according to a report from State Headquarters, in Jackson, received by Post Commander H. K. Holderith and Adjutant F. J. Cassidy.

It is recalled that in 1937 the Mississippi Legion Posts for the first time led the Nation and repeated in 1938 and 1939. By virtue of these wins, over two million dollars in measured publicity appeared in newspapers outside the State illustrating health, recreational, industrial and agricultural opportunities.

Since 1939 the American Legion has grown until today its two National publications have a circulation of over two million each. A win by the Mississippi Legion would again bring a large amount of favorable publicity to our State through the regular channels.

The advance 1946 membership drive closed November 12th. On or before that date some 18 or 20 autos, each manned by a State Legion District Commander or his representative, visited the 130 posts to pick up the advance memberships.

Post Commander Holderith is appealing to every eligible to join or renew his dues for 1946 before November 12th. He is also appealing to all business firms who have employees in service and all who have loved ones in the Armed Forces to take out a post membership for 1946 for him or her and help Mississippi lead the nation.

### THANKSGIVING

THIS year we have much to be thankful for. The Fourth Thursday of November of each year is set aside as a National Day of Thanksgiving. The people of our Country have not waited for this day to return thanks to God for the many favors that He has conferred upon us during the past year. We as a nation and as individuals owe much to God for His Divine Mercies. This year has brought peace to our country. Many of our boys are returning from the far flung battlefields of the world. Through His mercies we at home were spared the horrors of war. We were spared the pangs of starvation. We did not have to endure the bombings and the destruction that was visited upon other countries. We were able to enjoy the most prosperous years that we have had in a generation. Sorrows, of course, were visited upon many and our hearts beat with anxiety for the welfare of our boys and girls. Anxious moments are ended. We feel certain that during this year more prayers were offered to Almighty God in Thanksgiving than ever before in the history of this country, and again on this day set aside for this purpose we should offer our prayers in gratitude for the many favors and benefits that we have received.

### PEACE

PEACE: What is it? Where is it? When is it? Peace is Love. Peace is where Love abideth. Peace is when we love one another as Christ loved us.

To ensure Peace we must go from here. We cannot build a lasting Peace by keeping alive in the hearts of the present generation a hatred of the two nations who brought so much of chaos into the world. We cannot build Peace on what has passed. Peace must be built upon what we have today. Since we are the conquerors then we must show the other nations not by precept but by example, how much better our way of life is than theirs.

If we are to build a Peace that will bring satisfaction and security to this disturbed world today it must be done from today and not from any yesterday. Education is one tool we have to work with but education is a slow process. It may not have its effect in this generation even but if we can show the defeated nations how far wrong their leaders were and how much easier it could have been for the nations to have come together on a friendly basis, with the brotherhood of man as the slogan and with Christ as the mediator, then there would have been Peace without war. Some will say that it cannot be done. All things are possible with God and no one to date has even attempted to prove that it cannot be done.

It is not hard to love people. We as human beings are prone to look upon the bad in people rather than the good. Both qualities are existent in every human being but if we tune our minds to the right chord we will find the good and it will obscure the bad. A little boy whose parents using whipping as a punishment for wrong doing said "I am going to keep on doing those things until they learn that whipping does not do any good." There is deep philosophy in that. Are we as a country or will the world continue to have wars, until somebody wakes up to the already self-evident fact that Wars are not the answer to any problem?

Let us as a world stand today at the beginning of the task of building a Peace as if the past had not been and let us, the nation blessed of God, show the world the way of everlasting Peace by the great leveler of mankind—LOVE.—Miss May Edwards.

### REAL CHARITY

AS AND When a call is made for volunteers to render a service to humanity our people are everready. This is best exemplified by the number who have responded to the call for contribution to the local blood bank.

During the war we could readily understand that a patriotic spirit moved many people to give their blood for the boys who were valiantly fighting for our preservation. They felt that they owed something to these boys and all who were physically able responded to this call.

The last blood bank was for civilians and 86 people contributed their blood. This bank is to be for local use. The action of these individuals rises high above any contribution that they may have made in war time. Many are the times that we forget human kind when an urgency does not present itself. Emotion prompts many of us. When we give freely, particularly of our blood, for the preservation of the life of our neighbors, we are practicing real charity. How happy one should feel when he knows that it may mean the saving of a life, perhaps of one near and dear to him.

We owe a debt of gratitude to those who made possible this blood bank by contributing and by their labors.

### A REAL WAR TASK

IT may be our imagination but we have the impression that many Americans are not taking the Victory Loan as a challenge to their loyalty and patriotism. They have the idea that it is routine peace-time financing.

Treasury officials report that sales of E-bond and individual quotas, around \$4,000,000,000 will be reached only if every American assumes a personal obligation to buy bonds to the limit of capacity. About one-fourth of the totals is in hand.

To wind-up the great series of war loans the government has asked the nation for \$11,000,000,000. Not only will the money be needed but those who buy the securities will be making a wise investment, with safety and fair interest.

While we know that it is inevitable that some citizens of Hancock County will reflect the "war is over" psychology we appeal to all others to make certain that this county goes over the top and sells its assigned quotas.

Well, let's be thankful that there is less argument about the date of Thanksgiving.

### STANISLAUS NOTES

(By Andrew Martinovich)  
Last Sunday, Nov. 11th, Homecoming day here at St. Stanislaus, was the date of Stanislaus-Catholic High football game. The Rockchaws played hard but were defeated by the powerful Catholic High team.

The school bands both rendered excellent entertainment at the half. As usual our band was at its best and all enjoyed an excellent show by Catholic High's Band.

Brother Peter addressed the seniors on Monday morning. He gave the senior class an interesting talk. He knew most of the boys personally as he was here at Stanislaus only two years ago as president.

Last Friday the Boarders were given special permission to attend the show as a reward for doing a

### Mississippi's Livestock

Jackson, Miss., Nov. 14.—"Who said 'old Dobbin' is disappearing in Mississippi?"

Strange as it seems, there are more horses in Mississippi today than in the past 18 years.

The State Livestock Sanitary Board whose job is to help guard the health of Mississippi's tremendously expanding livestock population, says there are also more cattle in Mississippi today than at any time in the state's history.

The combined value of Mississippi's livestock at the beginning of the year was \$135,000,000 according to Prof. H. H. Leveck, Head of the Animal Husbandry Department, State College, and member of the Livestock Sanitary Board.

Prof. Leveck said the impressive total of livestock values in the state compares with \$269 million for the value of our 1944 cotton crop.

"The figures show Mississippi has made remarkable progress in raising livestock," Prof. Leveck said. "However, there is so much yet to be done before we can really call ourselves a great livestock state. Improvements of herds, stamping out disease among cattle and swine, and better pastures are phases of our development that we should give a great deal of attention."

Prof. Leveck said there were 1,518,000 cattle and calves in Mississippi at the beginning of the year, the highest figure since Mississippi started on the upward grade in cattle raising in 1928.

Horses and colts on hand this year were 115,000 compared with 76,000 in 1934, a record low.

Four familiar faces were seen about town this past week, three are home boys returning from overseas, the fourth is home on leave. The young man are Walter Asher, fireman first class, the son of Mr. and Mrs. Camille Asher. Walter saw many months of service in the Pacific. He wears a bronze star and taking up the life of a civilian again.

Staff Sgt. Horace Asher, son of Mr. and Mrs. Louis Asher, also has an honorable discharge. Horace spent many months overseas.

Private First Class Charlie LaFontaine, the son of Mrs. Mary LaFontaine and the late Charles LaFontaine, has received a discharge after spending 22 months in New Guinea, Hawaii and Manila.

The young man on leave is Seaman E. C. "Red" Luxich, the son of Mr. and Mrs. Clarence Luxich.

The school observed Armistice Day at chapel exercises, Friday morning. Those on the program were Helen Ladner, Anna Jean Ladner, Alice Schubert, Emelda Green, Lois Stoufflet and Gary Stoufflet. All the pupils took part in the group singing.

On Monday the pupils had the afternoon off as the teachers, Mr. Thiessen, Mrs. Williams and Miss Colson attended the Regional Meeting sponsored by the Mississippi Educational Association. The meeting was held in the high school auditorium in Gulfport.

Mr. and Mrs. August LaFontaine and family of Bayou La Croix spent Sunday in the home of Mrs. Mary LaFontaine.

The many friends of Mr. and Mrs. H. O. Farrell sympathize with them in the loss of their infant daughter. The little body was tenderly laid to rest in the Lakeshore cemetery.

Tuesday morning a former resident Mr. Ora Cuevas was buried in the family plot at Lakeshore with the rites of the Catholic church. ### Mrs. Curet Organizes Journalism Class at Bay Hi

Mrs. George Curet, sponsor of the senior class of 1946 and head of the English department at Bay High, has organized a journalism class. There has never before been a class of this kind at our school and we hope the eligible students will take advantage of this opportunity.

The members of this class are: Barbara Dresher, Barbara Trastour, Anna Mae Benigno, and Mary Leigh Weston, the four editors of the Student Prints and Gerry Haas, Lorraine Loft, Gloria Beihl, Edward Randolph, Barbara Burns, Jean Pritchard and Lorraine Davis.

## THROUGH THE EYES OF A FRIEND

Customers are people. And the Telephone Company has always considered customers in that light—as individuals, like the men and women who make up our own company.

This friendly feeling, we are happy to say, is reflected in the progress that Mississippi and the Telephone Company made together through the years. It is this same kind of partnership that makes the future sparkle with promise.

Like Mississippi, the Telephone Company is buckling down to its postwar tasks. For the 3,280 men and women of the Telephone Company in this state, it means the greatest expansion program in our history in Mississippi. It's a full and complete program, designed to meet the state's industrial and agricultural needs of the future. It means the expenditure of millions of dollars in Mississippi.

Specifically, the program will provide telephones for all who have been waiting for them. This is one of our first jobs! A greatly expanded telephone program for our farmer friends is also in process. Expansion of long distance service is being scheduled too. It will include the installation of coaxial cables to handle more calls with speed and convenience for you, and provide more facilities for that exciting visual art—television. A mass of construction is to be done and a new service to motor vehicles is also in the offing.

Here's a program of achievement, to be worked out together by Mississippi and the Telephone Company as they have worked out their attainments of the past. By mutual understanding and cooperation, Mississippi and the Telephone Company will grow greater than ever.

It's a big program that shall become a reality as fast as materials become available—a reality to be translated into prosperity and payrolls for the people of Mississippi. For a business is like an individual. If he fares well, his community fares well with him. And that is the way it should be, among friends.

### Mrs. Bertram B. Baker Addresses Garden Club

Mrs. Bertram B. Baker, of New Orleans, addressed the Bay-Wave Land Garden Club at the regular monthly meeting on Thursday, Nov. 8 at the home of Mrs. M. A. Gilmore.

Mrs. Baker talked to the club on the Golden Rain Tree (Koeleria paniculata) which grows so prolifically in the New Orleans City Park. Mrs. Baker said the tree was first known in China and later found its way to Scotland and from there a young Scotsman brought it to the United States where he planted them on each side of his gate in New Harmony, Indiana, where he built his home. It was called then "The Gate Tree" but later it found its way to New Orleans where it is known as the Golden Rain Tree. Mrs. Baker gave the club four of the trees and the club voted to plant them on the grounds of the Court-house.

The club will send its usual Thanksgiving basket of fruit to the Gulfport Field Hospital. Mrs. Seal asked the club to name three women who would decorate one room in the hospital for the Christmas season and Mesdames George Stevenson, Sam Whitfield, H. A. Oxenham, Edmund Fahey, Jr., G. Y. Blaize, volunteered to take over the work. Mrs. Ben Hille, Mrs. Eugene Mogabgab, Mrs. George R. Rea and Mrs.

L. T. Boyd volunteered to decorate the local Kings Daughters Hospital at the Christmas season and to bring as much of the Christmas cheer as possible to the patients.

A report was heard from the committee on the recent Barn Dance given for the War Memorial fund that the amount realized was \$325. The committee for the staging of the

operetta Pinafore stated that the time set for the operetta is some time in February and that the Try Outs have been heard and some of the cast selected. Mrs. George R. Rea made an appeal to the club for cooperation and support of the Victory Loan Drive now on in the county.

The meeting was preceded by a meeting of the executive board at a luncheon at Hotel Reed with Mrs. Baker, Mrs. Joseph Vaccaro and Mrs. Amese Mogabgab as guests. Executive board members present were: Mrs. J. R. Scharff, club president; Mesdames Eugene Mogabgab, F. R. Curran, Sam Whitfield, Roy Baxter, George R. Rea and Miss May H. Edwards.

Entertaining with Mrs. Gilmore at her home were Mrs. E. L. Betzer and Mrs. P. T. Truett. Delicious refreshments were served.

## ORTTE THEATRE SUNDAY-MONDAY "BUD ABBOTT & LOU COSTELLO IN HOLLYWOOD"

With Rags Ragland And Jean Porter

"Bud Abbott and Lou Costello in Hollywood" which opens Sunday and Monday at Ortte Theatre, presents its laugh principals in one of the wisest and funniest tongue-in-cheek extravaganzas of the film capital to be seen in many a season.

In this instance, the aggressive Abbott is trying to make a highclass barber to the film colony's elite out of his innocent-faced but invariably blundering partner Costello. It is a task of momentous proportions as may be evidenced by the fact that Costello's sole reason for wanting to go to a barber's college is so that he can join a fraternity! At any rate, after some breathtaking close shaves in the barber shop, the ill-assorted pair find themselves tied up as agents to a screen newcomer who is about to lose not only his first chance in Hollywood but also the girl he loves. The endeavor of Abbott and Costello to put the hero's rival out of the running results in hair breadth chases, ingenious devices of disguise, uproarious brawls and a roller coaster ride and battle on a studio set that combines spine-tingling thrills with magnificent laughs.

Among never-to-be-forgotten episodes is one in which Bud and Lou rig up a device intended to put the insomniac Costello to sleep but which instead, keeps almost all of Hollywood awake; and another in which, Costello, attempting to evade the police, misguidedly hides on a set in the guise of a dummy and is consequently given the beating of his life. Frances Rafferty and Robert Stanton are excellently teamed as the lovers of the tale, with Stanton, a newcomer to films, revealing an outstanding singing voice in such songs as "Fun On The Midway," "As I Remember You" and "I hope the Band Keeps Playing."

Others in support are Jean Porter, Warner Anderson and the ever-amusing "Rags" Ragland, playing himself.

ALFRED MITCHELL  
Alfred Mitchell, member of the Legislature from Washington County, was drowned last week in Lake Ferguson near Greenville while duck hunting. Mr. Mitchell was a native of Crystal Springs, forty-two years of age, and was engaged in the business pursuits of Greenville. He was serving his first term in the House of Representatives.

## A Thorough Operation...

Self-Regulation is not confined to the cities and the towns of Mississippi. Its operations also reach the remotest areas in which beer is sold; everywhere, Self-Regulation demands wholesome conditions and strict compliance with the law.

Every one of the beer retailers in the state is aware of Self-Regulation. The great majority of them believe in its principle and cooperate in its aim. Where necessary, this Committee makes suggestions for better operating practices, and, in nearly all cases, retailers follow suggestions to the letter. If a retailer does not cooperate, action is taken to effect corrections. Retailers have learned that Self-Regulation is no empty phrase.

Such a vigilant program assures your community of reputable retailers, who sell beer in wholesome surroundings.

## Stimulates Industrialization In Gulf Coast Section

Aiming to stimulate industrialization in the Gulf South, United Gas Pipe Line Company is devoting its national advertising to a direct invitation to American industry to locate in this region.

The new series of direct-appeal advertisements urged industrialists to investigate the industrial opportunities of the Gulf South for post-war expansion.

United Gas has been carrying on this advertising program since 1939 in National publications totaling more than a million and a half circulation. Included in the group of publications currently used are Time, Business Week and Wall Street Journal. The sole purpose of the national advertising at the outset was to build greater payrolls, more jobs, and greater prosperity for the people of this state and its surrounding area.

During the war years, however, company turned from industrial development advertising to stimulating war production in the Gulf South, on behalf of the national war effort. For nearly four years, the advertisements, running monthly, told of the vast resources and facilities of the Gulf South dedicated to war and the story of the Gulf South workmen serving their country on the home front.

Now, with the victory won and reconversion under way, United is returning to its original program to help develop its area, the Gulf South industrially and so hasten the day when it will become one of the great industrial sections of the United States.
